

F-1-86
E. D. Zimmerman Tenant House
Buckeystown
Private

Circa 1860

According to the 1858 Bond Map and Titus Atlas of Frederick County for 1873, the E. D. Zimmerman Tenant House was built between those dates after the main house was built.

Much of the original Victorian architectural detail remains on the building although the exterior has been covered with aluminum siding.

A kitchen outbuilding, typical to the region with overhanging roof and exterior chimney, is located to the rear of the building.

DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

This house is an ell shaped flank gable roofed two story frame residence three bays wide and two bays deep with a four bay wide addition which faces west from the east side of Ballenger Creek Pike.

The main entrance, an arch paneled door with two light transom and two side lights is located in the third bay. A one bay wide frame entrance porch with dentiled cornice and decorative railing extends across the entrance.

Located in the remaining bays on the first and second levels are arched double hung 2/2 windows. Simple square 2/2 windows occupy the other bays on the remaining sides of the main block.

A two story addition extends to the rear of the main block and is four bays deep. A two story open porch with decorative pierced sawnwork railing extends along the entire north side of the addition. Replaced entrances are located in the second bay on the second level and fourth bay on the first level. Double hung 6/6 windows occupy the remaining bays of the addition.

The entire structure rests on a low random stone foundation. It is covered by a standing seam tin roof attached to the building by a plain boxed cornice with return. Single whitewashed brick chimneys rise from the north and south gable ends and center of the rear addition.

A small outbuilding covered with novelty siding probably used as a smokehouse with large exterior hipped brick chimney and overhanging standing seam tin roof is located on the premises.
